Capybara Parade Beanie

Pattern & design by Rintozxr

Introduction

Meet the Capybara Parade Beanie, a cozy, fuzzy colorwork hat featuring four little capybaras parading around your head! Inspired by Fair Isle patterns, this playful design features four capybaras, one hat, and absolutely nowhere important to be.

Materials

Xuefeier Meng Xiao Ai, or any other bulky yarn or short-pile fuzzy yarn, approximately 50 g/ 70 m (77 yd) per ball.

Yellow (MC), grey, light khaki, dark khaki, blue, and black. Only small amounts of blue, black, and dark khaki are required.

Needles

5.0 mm circular needles (or preferred needles for working in the round)

Gauge

11 sts*21 rnds over 10*10 cm / 4*4 in in stockinette stitch

Size

One size, approximately 58 cm/ 23 in circumference and 21 cm/ 8.4 in tall.

Abbreviations

CO = cast on, k = knit, k2tog = knit 2 stitches together, MC = main color, rnd(s) = round(s), st(s) = stitch(es).

Pattern & design by Rintozxr

Brim

Step 1: Cast On
With grey yarn, cast on 64 sts. Join to work in the round, being careful not to twist the stitches.

Step 2: Grey Ribbing
Work 3 rounds in 2×2 rib (*K2, P2*) using grey yarn.

Step 3: Two-Colour Ribbing
Join yellow yarn. Continue working in 2×2 rib for 3 rounds, knitting all knit stitches in yellow and purling all purl stitches in grey.

Step 4: Grey Ribbing
Set yellow yarn aside, continue working in 2×2 rib for 2 more rounds using grey yarn only.

Body

Step 5: Colourwork
After completing the brim, switch to stockinette stitch and begin working the colourwork chart.

To avoid excessively long floats, I recommend using intarsia in the round for the capybara motifs and stranded colourwork for the geometric patterns. Please note that intarsia in the round requires a specialised technique.

Alternatively, the entire design can be worked using stranded colourwork, as shown in the sample hat. When working stranded colourwork, catch long floats on the wrong side of the fabric to prevent snagging, taking care not to pull them too tightly.

Starting from Round 9, follow the chart from right to left and bottom to top. Each square represents one stitch, and all stitches are knitted unless otherwise indicated.

Crown

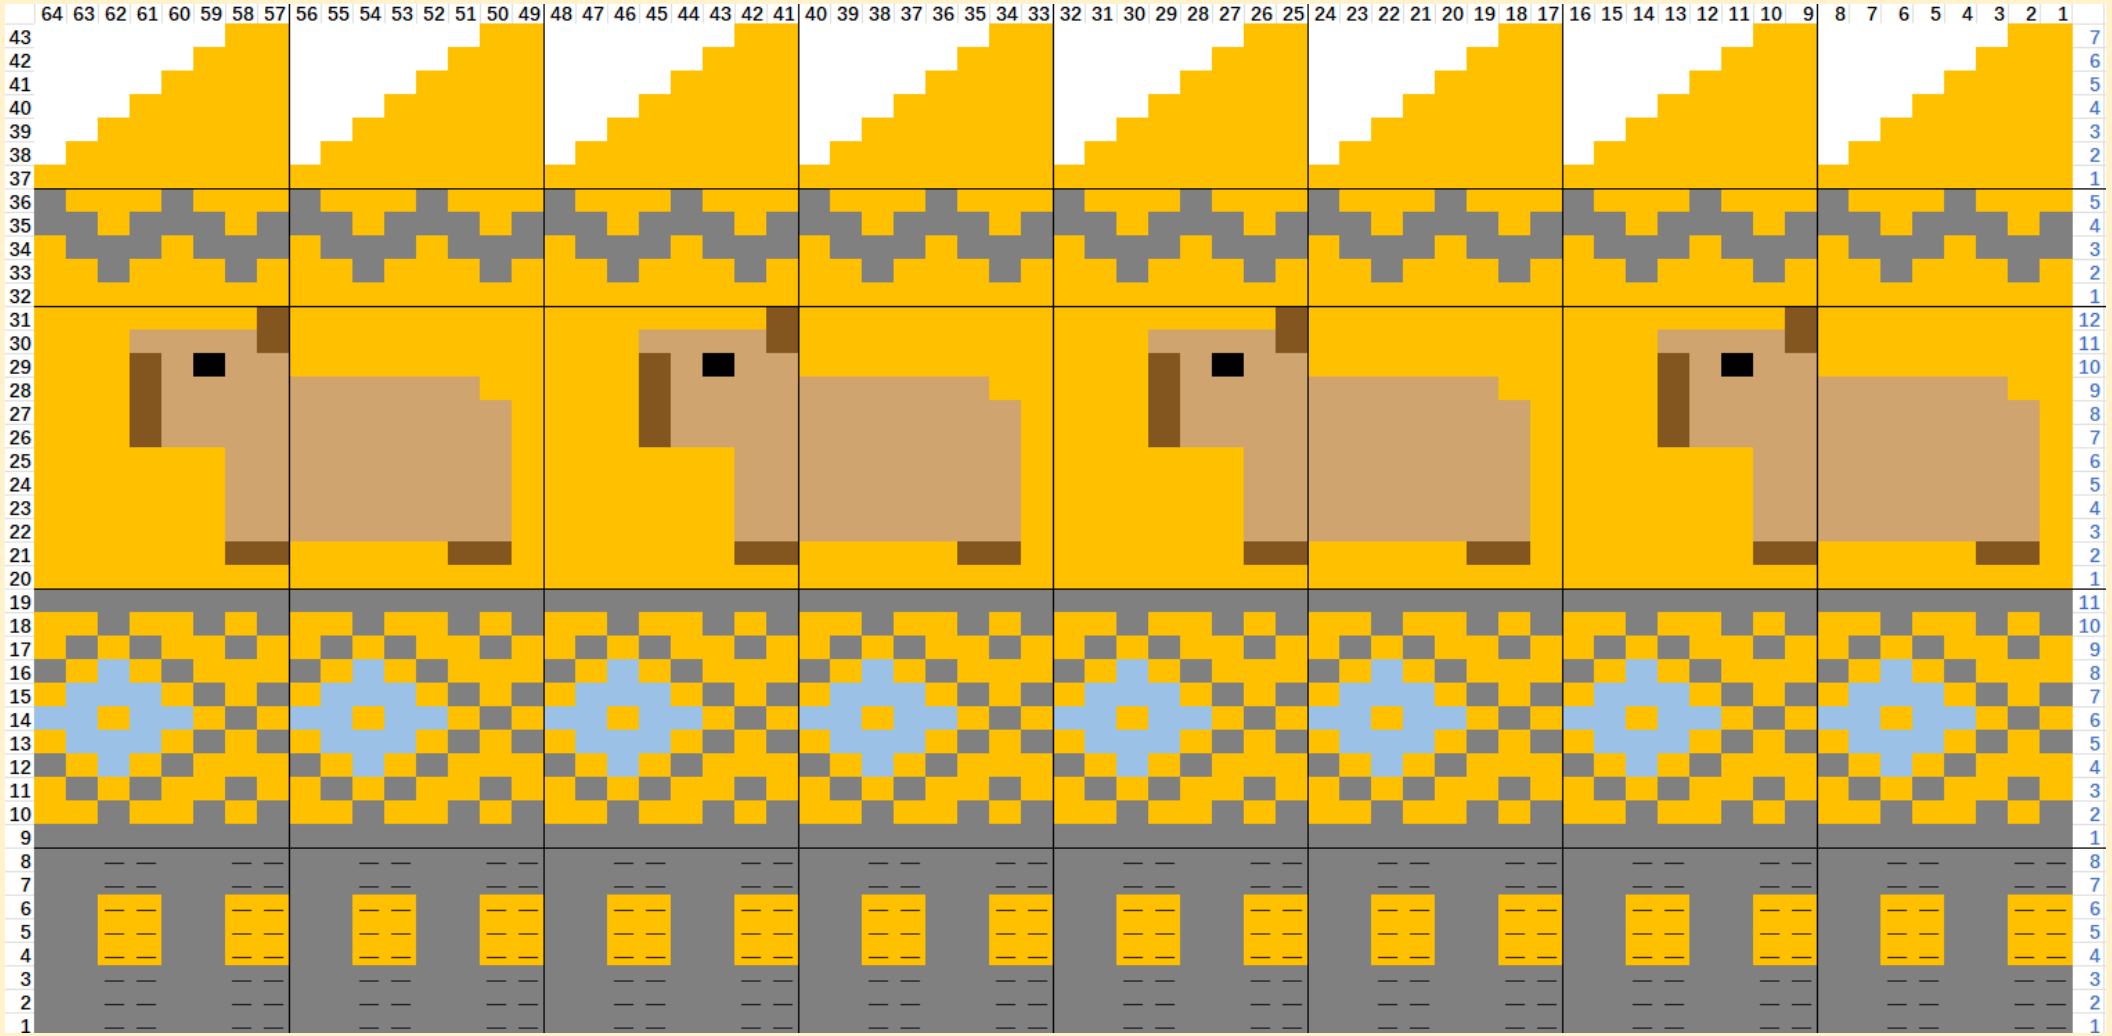

Step 6
Work Round 37 as charted. Begin crown decreases on Round 38.

Rnd 38: *K6, k2tog, repeat from * around. (56 sts)
Rnd 39: *K5, k2tog, repeat from * around. (48 sts)
Rnd 40: *K4, k2tog, repeat from * around. (40 sts)
Rnd 41: *K3, k2tog, repeat from * around. (32 sts)
Rnd 42: *K2, k2tog, repeat from * around. (24 sts)
Rnd 43: *K1, k2tog, repeat from * around. (16 sts)

Step 7: Finishing
Cut yarn, thread the tail through the remaining 16 sts with a tapestry needle. Pull tight to close the top, secure, and weave in the end.

Capybara Fair Isle Chart

The chart shows all 64 stitches around the hat, changing yarn colours according to the chart.

Note:

1. The bold grid lines are for counting stitches only.
2. Numbers on the left are for total round count and numbers on the right are for section round count.
3. Blank cells in the crown section represent stitches that have been decreased and are not worked.
4. For Rounds 37-43, please follow the written crown decrease instructions.
